Former Liquor Raider Is 'in Dark' Over Subpena; Defendant Quits Stand

BY RALPH KELLY

Former Deputy Inspector William A. McMaster, the police department's most effective prohibition raider, was subpensed yesterday as a defense witness for Lieut. John H. Nebe, but waited most of the day at the Criminal Court Building without

being called to the stand.

McMaster said he did not know what he was expected to testify, but that he had merely come on being summoned.

Defense attorneys said McMaster probably would be called to the stand today in a procession of policemen the defense hopes will give weight to Nebe's contention that his only

More than 50 persons were jammed in the small offices of the club, making application for membership to the "investment" scheme, when police entered with a search warrent and a warrant charging W. R. Baker, manager of the club, with promoting

a scheme of chance.

These warrants were issued short-

mine the legality of the scheme.

Baker himself was not present, having left, according to office helpers, several hours earlier. Police were looking for him in a downtown hotel, where he had registered, after the raid last night.

The raid was made by Capt. Harry Weis, Sergt. Harry Wenzel and Patrolman Joseph Zalewski, who entered the offices shortly after 6 p. m. and told the crowd that the place was being closed. They confiscated

Setup Complicated

Baker had previously asserted to investigators that the scheme was entirely legal and had been copyrighted by him. In joining the club the member paid a 90-cent registration fee, for which he received a coupon book entitling him to discounts in various business establishments listed.

The investigators said Baker had stated he came to Cleveland from a mechine. Columbus, where he had been dealing in pin ball machines. They said he gave the name of Nate Weisenton.
